

BSIA Experiential Learning Award - \$1000

All MIPP and MAGG students who are participating in an unpaid or underpaid domestic or international internship can apply for this \$1000 grant by sending [Andrew Thompson](#) an email indicating that they would like to be considered for this award.

Normally, underpaid internships are defined as internships that pay less than the Ontario minimum wage. Students doing paid placements that take place in locations outside Canada where the cost of living is very high may also be eligible for the award as determined by Andrew Thompson, BSIA Program Manager.

This \$1000 award will be paid to students when they arrive at their internship destination and advise Andrew Thompson of their arrival.
